EXPERIENCE

Auto-Chlor Systems, Foxboro, Ma — Sales and Service

September 2019 - PRESENT

Works directly with customers to service commercial dishwashers as well as make sales and collect bills. Maintains accounts in Massachusetts, Rhode Island, and New Hampshire. Explaining and teaching all different types of people proper use, techniques and safety hazards for the machines and chemicals. Using proper tools to perform Electrical and Plumbing maintenance safely, efficiently, and in busy environments.

Robert Half, Quincy, Ma — Project Assistant

April 2016 - June 2019

Infosys Limited required imaging laptops and managing a large inventory of electronics. Diagnosing laptop problems and replacing broken parts. Working with a team to make systems efficient and identify/solve problems. Also introduce and explain new products to different representatives.

Eastside LLC, Randolph, Ma — Cashier

May 2012 - April 2016

Managed front end service operations, ensuring exceptional customer service satisfaction and daily financial reconciliation.

EDUCATION

University of New Hampshire, Full Stack Bootcamp

March 2022 - Present

Holbrook Jr/Sr High, Holbrook, Ma — Diploma

2005 - 2009

PROJECTS

Movie Refresh - <https://github.com/falbanese7/movie-refresh>

This website is used to look up movies so you can get a quick refresh or see if you would like to watch it for the first time. Peek at trailers or closely related videos. Read viewer's reviews to see what others think.

Development Bulletin -

<https://github.com/mikerjohnson27/Development-Bulletin>

This project will be an application website that helps developers create templates for their projects. They will be able to create projects, add tasks, show who is working on them, and check off completed. As well as upload files for the project.
